### MANDATORY REQUIREMENTS FOR OFFICIALS, TRAP

1. Read shooters' names from squad sheets and ensure competitors are on correct tracks and marks. For safety reasons ask all shooters to check for obstructions in barrels.

2. The Referee must stand where he has a clear view of targets and competitors, preferably between lanes 2 and 3, approximately 2 metres behind the competitor's shooting mark. If there is excessive background noise the Referee may move between lanes 2 and 4 in order to hear the competitors call so as to give all competitors equity of competition.

### **MANDATORY REQUIREMENTS FOR OFFICIALS, TRAP**

12. The Referee must speak to a shooter immediately on any breach of the safety rules. If the rules of etiquette are broken the Referee should speak to the shooter concerned after the squad has finished, depending on the circumstances.
13. In Single Barrel competition the Referee must ensure that one cartridge only is placed in the gun.
14. The Referee must not restore a target if the competitor opens his gun after a malfunction. In the case of a malfunction the Referee shall visually check the safety catch is not in the on position and that the action is closed. He will request the shooter to test fire the gun once only. Under no circumstances will the Referee attempt to test fire the gun.
15. The Referee should be mindful of the rule regarding squad members or spectators disturbing the competitor shooting.
16. A Referee will not call no target to deny a shooter the opportunity to shoot at a whole target unless a safety hazard exists. The shooter is the only person to decide if the target is acceptable to him.
18. The Referee is to see that all competitors remain as a squad until the last shooter has finished.
19. At the completion of each visit to a trap the Referee must request competitors to unload their guns and check their scores.

Scores below 93/100, 84/90, 75/80, 70/75, 65/70, 56/60, 46/50, 37/40, 28/30,23/25, 18/20, 14/15 should be discarded for an AA grade shooter.

Scores below 90/100, 81/90, 72/80, 67/75, 63/70, 54/60, 45/50, 36/40, 27/30,22/25, 18/20, 13/15 should be discarded for an A grade shooter.

16.1.3    B Grade Shooter

Any score below 80% should be removed – the following scores and any lower scores should be removed without question.

Scores below 79/100, 71/90, 63/80, 59/75, 55/70, 47/60, 39/50, 31/40, 23/30,19/25, 15/20, 11/15 should be discarded for a B grade shooter.

## MANDATORY REQUIREMENTS FOR OFFICIALS, TRAP

### 5. Target to be shown by Referees,

(a) At the beginning of the day two (2) targets will be thrown for viewing by the squad.

(b) When the competitors are all in position the Referee must release a target for the first shooter to look at on his call.

- (i) At the beginning of all events
- (ii) After any breakdown or delay
- (iii) At the commencement of all shoot-offs
- (iv) On each trap used for a shoot-off
- (v) After any break for shells etc during a shoot-off
- (vi) If a competitor receives two broken targets in a row.

(c) There will be no sighter targets to be shot at by any shooter.

### 17. Interpretation of refusal rule:

(a) A shooter may refuse to shoot at any target which he considers to be illegal.

(b) There is no limit to the number of targets the shooter may refuse as long as the Referee agrees with the reasons. Obviously, if too many targets are refused for illegality, the Referee must find the cause, then correct it. If the Referee does not consider that the target refused is illegal, he will ask the shooter why he refused the target. If the Referee is not satisfied with the reason he will tell the shooter. He will also state that any further targets which are refused, and are considered by the Referee to be legal will be scored "Lost Target". If the above situation seems likely to arise, it is preferable that a third party, qualified if possible, adjudicates subsequent refusals. The foregoing procedure in no way discriminates against the Referee, it is meant to assist in equity of competition. A major point missed by Referees is that although a shooter may refuse to shoot at an illegal target, he is equally entitled to accept an illegal target. However, if he shoots at and misses an illegal target, the only decision open to the Referee is "Lost Target". Similarly, if he hits it "one" or "two" is scored, abide by result.

(c) A Referee should not call "No Target" for a fast or slow released target, nor if the target seems to him to be too high, too low or too wide. "No Target" should only be called in the case of a broken target, a pair of targets emerging instead of a single (or vice versa), or where a safety hazard exists if a shooter elects to shoot at the target.

(d) Referees are to ensure that "R" for refusal is entered on score sheet. Every refusal must be called either "No Target" or "Lost Target" by the Referee.
